Message From

Minister of Youth and Sports

Selamat datang to the PETRONAS Le Tour de Langkawi 2024

ON behalf of the Ministry of Youth and Sports (KBS) and the Malaysian National Sports Council (NSC), it gives me great pleasure to welcome all athletes and officials to South-East Asia's most prestigious cycling race and only UCI Pro Series event.

It is indeed an honour and privilege to have many of the world's best teams represented here for this edition, and I would like to acknowledge the commitment of the NSC as the organisers to deliver another safe and competitive race for all participants.

For 2024, the Tour will once again start at the island of Langkawi, before taking riders to the tip of the Malaysian peninsular in Perlis. Riders will then compete against a diverse backdrop of paddy fields, forests and plantations, and ride through charming small towns and major cities across seven West Coast states, before making their way to Sarawak for the final two stages.

In addition to keeping the Tour exciting via the route, I am happy to announce that the NSC has also embarked on a course to improve the sustainability of the race, with multiple efforts to reduce and offset the race's carbon footprint and emissions. We hope that you will join us in realising the common global goal of preserving our environment and promoting sustainable sport.

Lastly I take this opportunity to also extend my gratitude to all the sponsors of the Tour, particularly our title sponsor PETRONAS, and to all the staff and volunteers who continue to make the Tour a significant event on the international cycling calendar.

I hope all of the participating athletes will have an enjoyable time here in Malaysia, and I look forward to meeting you during the course of the race.

May the best rider win!

HANNAH YEOH

Minister of Youth and Sports

Message From

UCI President

Selamat datang! Welcome to Malaysia.

SINCE 1996, cyclists have been coming from all over the world to compete in the Tour de Langkawi. This year, the Petronas Le Tour de Langkawi is back to challenge riders on the roads of Malaysia.

Named after the archipelago Langkawi, where the first edition started and finished, the Petronas Le Tour de Langkawi is now part of the prestigious UCI ProSeries calendar. This year, it will take riders on a journey of nearly 1200 kilometres, starting in Langkawi on 29 September and finishing in Bintulu on 6 October.

In total, 11 states will host stage starts and finishes of the Petronas Le Tour de Langkawi. This is a significant logistical challenge requiring the commitment of many local authorities, partners and other sponsors. I extend my gratitude to them all for welcoming this event, and especially to the National Sports Council, overall organisers of this international race, who ensure the athletes can compete in the best conditions possible. I also express my gratitude to the Malaysian National Cycling Federation for its support of cycling throughout the country all year round.

Last year, overall honours went to Great Britain's Simon Carr, riding for EF Education – EasyPost. Soon we will know the winner of the 2024 edition. But first there are eight magnificent stages to get through, and I wish all participants the very best of luck.

DAVID LAPPARTIENT
UCI President

Message From

Malaysian National Cycling Federation President

Salam sejahtera, dan selamat datang!

THE Malaysian National Cycling Federation (MNCF), together with the National Sports Council (NSC), take pleasure in welcoming all riders and officials to the 2024 Petronas Le Tour de Langkawi!

The Tour de Langkawi has been pivotal in inspiring successive generations of young cycling athletes in Malaysia, and encouraging countless people to get on their bikes and enjoy the rural and urban landscapes that Malaysia has to offer. It is my sincere belief that the Tour has a special place in the hearts of Malaysians and cycling fans the world over, and the MNCF appreciates the ongoing support of many of the world's top teams to take part in it.

In a historic first, the 2024 Tour will feature two stages and the Tour finale in the state of Sarawak on the island of Borneo, in addition to the nine states that the initial six stages will cover at the Malaysian peninsular.

As such, this will provide a unique opportunity for this year's participants to experience the entire spectrum of road racing conditions that Malaysia has and make the competition even more thrilling than before.

Organising a major international cycling race, particularly one that has been continuously held for 28 editions, is indeed a significant challenge, but there is no doubt that the nation and the sport of cycling in general also reaps meaningful rewards and benefits from the Tour's presence.

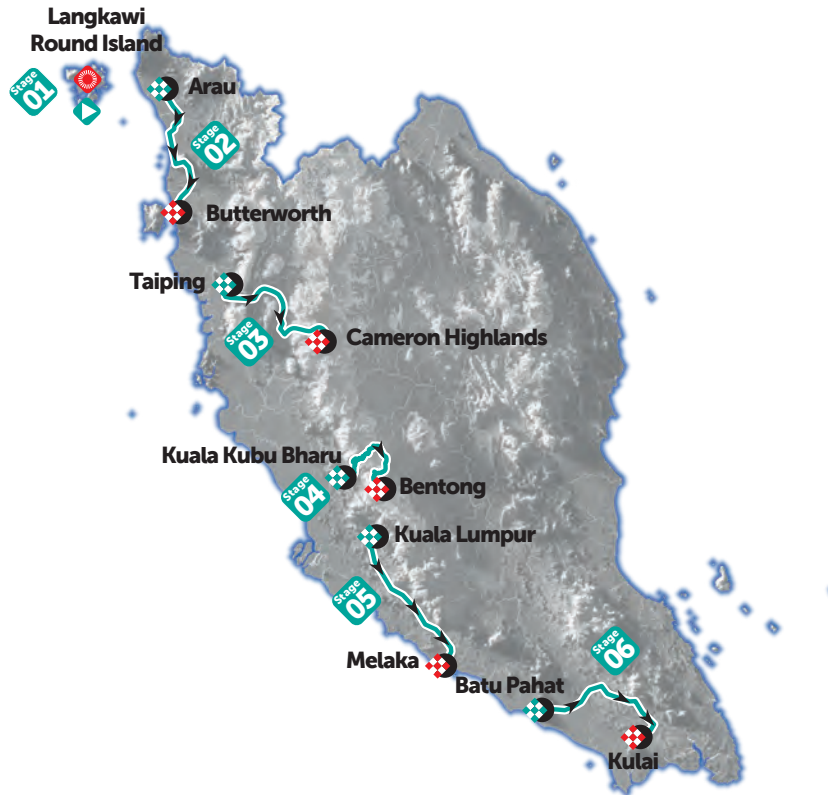

We are also grateful to have the support of the NSC as the de facto organisers for the Tour until at least the 2025 cycle, where this partnership yielded an exceptional race last year, and will hopefully be even better this year. The MNCF is always mindful that the heart of all cycling races are its people, and from the bottom of my heart, I thank everyone involved in this year's event, and pray for a safe and successful Tour.

Thank you.

MAZLAN MD JAIL
MNCF Acting President
